

COVID-19

Notice TO MEMBERS AND THEIR GUESTS

NOTICE TO MEMBERS

On behalf of the Board of Directors, Management and Staff we wish to thank all Members who have visited the Club since we reopened on Monday, the 1st June 2020. It goes without saying that the last 2 months have been the longest time that the Club has been closed since the Club opened.

The vast majority of all guests have understood and have respected the changes to the Club that have allowed us to welcome you back, but below are reminders of these regulations that we all need to keep abiding by, to ensure that we continue to enjoy the facilities of our Club.

BISTRO BOOKINGS

Please be advised that the Club will no longer take Bistro bookings on Friday evenings until further notice during covid-19 restriction period. Bistro patrons will be seated based on the 'first in first serviced basis'.

Members are advised that there are patron limits within the Club under the Covid regulations and there are no groups of ten or more permitted at any one table.

CONDITIONS OF ENTRY

All Club members are required to present their membership card upon entry. As a condition of entry members are required to sign in and out of the Club. Following NSW Government regulations, we are required to record the names and contact details of all members, staff, contractors and any other person that enters the club.

COVID SAFE MARSHALLS

Highly visible CovidSAFE Marshalls are walking around our venue tasked with ensuring compliance of social distancing rules, answering questions and promoting good personal hygiene practices.

Please always follow our CovidSAFE Marshall's instructions and co-operate with them.

SAFETY AND HYGIENE

Additional cleaning and sanitising procedures are placed in all areas of the Club. Hand sanitiser dispensers are available throughout the Club and we encourage all patrons to regularly utilise these for safety and comfort.

Additionally, we encourage patrons to regularly wash their hands, in particular before and after eating, and after handling cash or visiting the bathroom. Frequently touched surfaces such as button panels, handrails and bathrooms will be a focus of these additional procedures. We ask that all patrons please follow the recommendations and procedure signage placed around the Club to ensure the safety of all.

Thanks for your continued cooperation and understanding during these times of uncertainty.

Don Field

General Manager
