

Farewell Don Field

Today, Tuesday 9th March 2021 is General Manager Don Field's final day in the position.

The Board would like to thank Don for his hard work over the past two years helping steer the club through difficult times of the bushfire crisis that gripped the region. Don arranged for the club to be an evacuation centre, housing displaced people and their pets, ensuring they were well fed and felt safe in our premises.

Just as we were coming out of the bushfire crisis, Covid-19 struck, closing the Club down for a period of time. During a very trying few months, Don was instrumental in keeping operations going and staff occupied. Thanks' to Don's efforts and the Government support received last year, the Club is in a very strong financial position. The Board wishes him all the best in the new challenge he is taking up in Victoria.

The Board would also like to thank Debbie Culliver for agreeing to manage the Club in the interim until a new General Manager is recruited.
